

## **NEWS RELEASE! May 24<sup>th</sup> 2019**

**Lake levels at Lake of the Prairies are at a historic low for this time of the year.**

**Our Tournament Headquarters and start point has been moved to Pyott's West Campground**

### **More details**

The Provincial Park Boat Launch is too low to be able to launch watercraft and is currently barricaded. Lack of rain this spring and lower than expected run off from the winter snow means the lake levels are lower than in the past. We have been working with officials on a plan to make repairs to the boat launch but it looks like it could be some time before this would happen. Therefore, we have made the decision to move the Tournament Headquarters for 2019. The New location is on the west side of the lake at Pyott's West Campground. The owners of the campgrounds have graciously offered to assist us in order to be able to host the tournament. This includes pre-fishing.

Please find attached a link for directions using Google Maps or search Pyott's West Campground, 3-25-29 West of 1, Roblin, MB R0L 1P0

and a link to their website

<https://pyottswestcampground.com/>

Travel to Pyotts West Campground is on Paved Highway HWY482 with the last 3.5 km's being gravel road.

As in previous years, should you wish to launch elsewhere on the lake then you can boat over to Pyott's and have your pre-tournament boat check done at the docks prior to your flight time. The situation at other docks is changeable, so if you are used to using other launches please contact them for information on their situation.

**Obviously, please use caution as the lower lake levels will mean the landscape under the water will be different to what you may have been used to in the past.**
